

Informational Guide for Domestic Applicants

Introduction

The government of Alberta passed [Bill 11 Fair Registration Practices Act](#) in 2019 which requires professional regulatory organizations to ensure that their registration practices are transparent, objective, impartial and fair. The new legislation also addresses timely decisions, responses and reasons in section 6 of the *Act*.

Your application is between you and the College. This means that you must complete the applications and supply all required documentation to the College including your transcripts. The college can only accept transcripts that are in a sealed envelope delivered in person or through the mail directly from the school Registrar's office.

Background (Jurisprudence)

First Steps	Enabling Legislation
<p>Registration with CARTA is mandatory. It is illegal to work as respiratory therapist in Alberta without first registering with CARTA.</p>	<p>Health Professions Act Mandatory registration 46(1) A person must apply for registration if the person (a) meets the requirements of section 28(2) for registration as a regulated member, and (b) intends to provide one or more of the following: (i) professional services directly to the public; (iv) the teaching of the practice of a regulated profession to regulated members or students of the regulated profession;¹</p>
<p>You are eligible to apply for registration with CARTA under <i>Section 6(1)(b)</i> Once you have successfully completed the CARTA Council approved examination and given evidence of that success to the CARTA office you will be placed general register. The placement of the provisional register is valid for only 1 year from the date of issuance.</p>	<p>Respiratory Therapists Profession Regulation Provisional register 6(1) An applicant for registration as a regulated member may be registered on the provisional register if the applicant (a) is qualified to practise respiratory therapy in another jurisdiction and the applicant’s competencies are being assessed under section 5, (b) has fulfilled the registration requirements set out in section 3 but has not completed the registration examination referred to in section 3(1)(b), or (c) is enrolled in a refresher program in respiratory therapy approved by the Council for the purpose of completing the registration requirements referred to in section 3(2)(b). (2) A regulated member registered on the provisional register may practise only while under the supervision of a regulated member registered on the general register or under the supervision of another regulated health professional approved by the Registrar. (3) A registration on the provisional register is valid for one year.</p>

¹ Section 46z(1) *Health Professions Act*

	<p>(4) Despite subsection (3), the Registrar may extend a registration on the provisional register beyond one year if the Registrar is of the opinion that extenuating circumstances exist.</p> <p>(5) If a regulated member registered on the provisional register meets the registration requirements set out in section 3, the Registrar must remove the regulated member's name from the provisional register and enter it on the general register.²</p>
<p>Employers are prohibited hiring a person to provide services as a respiratory therapist unless they are regulated with CARTA. <u>Before</u> being employed you are responsible for providing your practice permit to the employer.</p>	<p>Health Professions Act Prohibition</p> <p>47(1) No person shall knowingly employ a person who meets the requirements of section 46(1)(a) to provide services described in section 46(1)(b) unless that employed person is</p> <ul style="list-style-type: none"> (a) a regulated member, or (b) authorized to provide the services pursuant to another enactment. <p>(2) A person who meets the requirements of section 46(1)(a) and who is to be employed to provide services described in section 46(1)(b) must,</p> <ul style="list-style-type: none"> (a) before being so employed, provide the employer with evidence of <ul style="list-style-type: none"> (i) a practice permit in good standing, or (ii) an authorization to provide the services pursuant to another enactment,

English Language Assessment

<p>Communicating proficiently in the English Language is essential for safe practice in Alberta's healthcare system and as such it is the first point to begin assessment. The vast majority of</p>	<p>Respiratory Therapists Profession Regulation English language requirements</p> <p>10(1) An applicant for registration as a regulated member must be reasonably proficient in English to be able to engage safely and competently in the practice of respiratory therapy.</p> <p>(2) An applicant may be required by the Registrar to demonstrate</p>

patients in Alberta expect their healthcare to be delivered to them using the English language.

Given the nature of the work of respiratory therapists and the little margin for error that exists in their practice, being fluent in the English language for reading, writing, speaking and listening is essential for your immediate and future career success.

CARTA recognizes the Canadian Language Benchmarks English Language reports only. There are no validated equivalencies to any other English language proficiency assessment and as such we do not recognize any other language assessment service. It is recommended that you participate in the free online self-assessment service offered by the Canadian Language Benchmarks (CLB). Visit <http://www.language.ca/home/> for general information and to participate in a free online self-assessment of your language skills visit <https://clb-osa.ca/home>.

CARTA highly recommends that you attempt to achieve level 9 in all of the four essential communication skills (Speaking, Listening, Writing, Reading). This will help you achieve a high level of conversation skills as well as to understand any textbooks or lectures that may be required in any upgrading respiratory therapy education that may be required or when writing the approved entry to practice examination as prescribed by the examination corporation Canadian Board for Respiratory Care. All domestic applicants from Canada are held to the same standards.

proficiency in the English language in accordance with the requirements approved by the Council.

- (l) evidence as to whether there has ever been a judgment in a civil action against the applicant with respect to the applicant's practice.

<p>All documents may be sent electronically EXCEPT transcripts and criminal records check. Electronic copies must be attached, not embedded in the email body and legible. CARTA will request replacements for all documents that do not meet the required standard, and this will delay your application</p>	
<p>9. Registration verification form (if you have been registered as a Respiratory Therapist in another jurisdiction, or in any other health profession). Form is located in the Appendix 4.</p>	

<h2>On-line Application (start)</h2>	<p>If you answer yes to any of the questions 1-6 you are required to provide full particulars on separate correspondence with the Registrar immediately</p>
<ol style="list-style-type: none"> 1. Since your application have you been found guilty of a criminal offense in Canada or any other jurisdiction outside of Canada? You must report findings even if they resulted in a discharge or pardon; 2. Since your application has there ever been a judgement in a civil action against you with respect to your professional practice? 3. Have you been found guilty of an offense under the Controlled Substances Act or Food and Drug Act in Canada? You must report findings even if they resulted in a discharge or pardon; 4. Have you been disciplined, suspended, required to resign, terminated or subjected to similar action in respect to employment or a contract of service? 5. Have you ever had any conditions, restrictions or limitations placed on your practice permit? 	<ol style="list-style-type: none"> 1. The required documentation will be a Criminal Records Check that is less than 60 days old. Please end an original copy to the CARTA office. If you have been convicted of a criminal offense you will need to contact the Registrar and you will be required to submit copies of the court decision. 2. You only have to report a “yes” to this question if the suit relates to your professional practice as a health care provider. This likely will not apply to you as a new graduate. 3. The required documentation will be a Criminal Records Check that is less than 60 days old. Contact the Registrar if this is the case. 4. You only have to report a “yes” to this question if the suit relates to your professional practice as a health care provider. This likely will not apply to you as a new graduate. 5.
